This Carton Will Help Provide— A Fixed Regular Income FOR YOUR CHURCH

IT contains 52 envelopes—dated for 52 consecutive Sundays, one carton being allotted to each parishioner together with a pledge card.

IT eliminates the need of constantly “talking money”—a practice embarrassing alike to pastor and parishioner.

IT is part of a simple but effective system which automatically provides a fixed regular income for all church activities and special work.

IT has assisted thousands of churches to largely increase their collections—in many cases doubling the yearly income.

IT costs but little. In fact, by means of a special offering envelope, which we insert free in each set, it is made to pay for itself.

Write for our folder, “The System Explained,” which shows exactly how *your* church income may be increased.

Potter Manufacturing Corporation,
Chicago, Illinois,

Dear Sirs:-

The Potter Fire Escape recently purchased from your firm is now installed on our new school building.

Mr. Downes installed it in first class shape and we are much pleased with the quality of the escape and the workmanship.

We had a Potter Escape on our old building which was destroyed by fire a little over a year ago, and we were certainly pleased in the efficient manner this escape took care of the pupils and teachers on the upper floor. About eighty persons made their escape from the burning building through the Potter Escape without a single mishap and in a very short time.

We hope that the pupils will never be called on to use this new escape except for fire drills but should the occasion arise we feel perfectly confident that the Potter Fire Escape will not fail us in doing its duty.

Yours very truly,

M. M. Nelson

Secretary Board of Education.

Burned during school hours. Children used fire escape. No lives lost. No accidents.

CATHEDRAL, church, or chapel, artistic decoration is more a matter of a suitable decorative plan than of costly execution—more surely a matter of ecclesiastical appropriateness than the mere application of materials.

This is why the specialized experience of the Conrad Schmitt Studios contributes so much to church decoration before a brush touches the work. No cost or obligation is entailed by asking our counsel and estimates or writing us for illustrations of representative work.

The Covick standard is the standard by which all Altar wines should be measured.

It is the standard recognized by the Most Reverend Archbishop and Right Reverend Bishops of California who all use the Covick wines in the Holy Sacrifice.

This distinction is accorded no other Altar wines and is an eloquent tribute to the superiority of the wines bearing the Covick name.

The Covick Winery is the largest Sacramental wine establishment in the United States. It is solely and entirely owned and operated by the Covick Company under the authority and approval of His Grace the Most Reverend Archbishop of San Francisco and the wines are made under the supervision of the Chancellor of the Archdiocese so that there can be absolutely no question as to their purity and validity.

Besides being valid and licit matter for the Holy Sacrifice the Covick wines, because of their rich, mellow, wholesome character, are the ideal wines for the fasting priest.

Of more than ordinary significance are the statements of His Grace the Most Reverend Archbishop of San Francisco that "The Covick wines are in a class entirely by themselves" and that "Mr. Covick has been instrumental in placing the Altar wine business on a very high plane."

Nor is the approval of the Covick standard by the Very Reverend Chancellor of the San Francisco Archdiocese less em-

phatic. He says: "Analyses of these and other wines and comparisons made from time to time have so fully demonstrated the superiority of the wines bearing the Covick name that we have reached the conclusion that they are in a class entirely by themselves and merit the fullest possible approval of the Hierarchy."

The Covick Company with a reputation for furnishing only mature wines of the very highest grade and dependability, cannot afford to have its name coupled with mediocre or cheap immature wines.

The best and choicest wines are the only wines worthy of the Holy Sacrifice. The Covick wines therefore are not cheap wines; they are quality wines of the highest possible standard of excellence and no Altar wines anywhere are comparable with them.

The Clergy have been using these wines since 1877 and the fact that over 6,000 Reverend Clergy and Religious of the United States, Hawaiian Islands, Philippine Islands, Alaska, Canada and Mexico are now using them and that they are unqualifiedly approved and used in the Holy Sacrifice by the entire Hierarchy of the State of California, *where the wines are produced*, is convincing testimony to the supremacy of the Covick wines.

THE Covick wines are all shipped under registered seal bearing the signature of the President who is sole owner of The Covick Company.

 Altar Wine Supremacy 

Altar Wine Supremacy

The Covick wines are unquestionably the finest and choicest Altar wines procurable in America. While not the lowest in price, they are the cheapest of all wines when origin, age and high standard of excellence are considered. The Covick wines are in a class entirely by themselves and are *Altar wines of supremacy in every sense of the word.*

THE FOLLOWING LETTER SPEAKS FOR ITSELF.

Office of the Archbishop
100 FRANKLIN STREET
San Francisco, California

January 15th, 1924.

Mr. John A.O. Covick,
President, The Covick Company,
San Francisco, Calif.

My dear Mr. Covick:

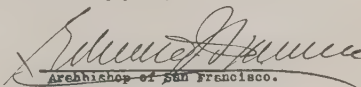

In sending you permit for my 1924 supply of Mass wine, I desire to again congratulate you upon the exceptionally high character of your product.

The policy of The Covick Company in furnishing only rich, mellow, wholesome wines for the Holy Sacrifice and of directing attention to the danger incident to the use of cheap immature wines by the fasting priest seems to be bearing fruit, as the records here show that during the past year you have furnished more wine to the Clergy of this territory than all your competitors combined.

This is very gratifying to me, for as I have often said you have not only been instrumental in placing the Altar wine business on a very high plane, you have created a new and better Mass wine standard that should appeal to the Clergy and continue to ensure you their cooperation and support.

With best wishes for your continued success, believe me

Ever sincerely yours,

Archbishop of San Francisco.

CHURCH FURNITURE properly designed and constructed has more to do with producing a churchly atmosphere than any other part of the church equipment, not excepting the building itself.

Whether in the stately Cathedral or the less pretentious Chapel the furnishings must have dignity and character and must harmonize in every respect with the building in which they are installed.

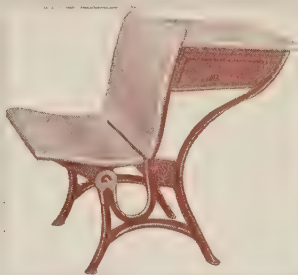

Our workrooms are equipped to execute memorials and special cabinet work for the church interior, as well as pews, altars, pulpits and all kinds of furnishings in true period styles and appropriate harmony with the architecture of the building.

CIRCLE A SECTIONAL CHURCHES

CIRCLE A Churches and Schools are the only sectional buildings having their plaster and interior and exterior finish complete, ready for erection. Sections are assembled by being bolted together, requiring no skilled labor. No door or window hanging is necessary. The thorough insulation and solid construction of Circle A Churches and Schools makes them suitable for all weathers and climates.

Circle A Sectional Churches and Schools solve the problem of the new community, and serve also for temporary housing while permanent quarters are being built. They can then be sold or donated, moved and re-erected without damage.

IN this case we executed lighting fixtures, decorating, and altar remodeling. The baldacchino is of course according to the best practices of the Church, but at the same time it is a decided asset to the beauty of the interior as the accom-

Church Illumination

Special reflector for flood lighting sanctuary and at the same time giving priest perfect reading light

THERE are three important angles to the question of lighting, which can be broadly stated as follows:

First, the altar must be flooded with light so that it is the brightest part in the interior; for light is the surest way of attracting and holding the attention of the eye.

Second, the congregation must have good reading light, but without detracting from the mystery and solemnity of the ceilings and vaults.

Third, while the fixtures must fill the foregoing

practical requirements and do so artistically, it is further essential that they in themselves form an integral part of the decorative scheme.

The fixtures illustrated on this page are built of wrought iron and bronze and glazed with sand-blasted antique glass.

Reprint of article written by Mr. Harold W. Rambusch, a member of the Society of Illuminating Engineers, on the "Psychology of Church Illumination" sent upon request.

The Why of Trade-Marks

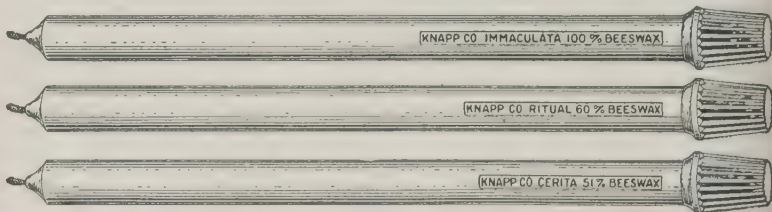

TRADE-MARKS and trade-names have been in general use almost from the time merchandise was first manufactured and are nearly as old as commerce itself. Firms have expended considerable time, money and ingenuity in devising suitable identification marks for their goods, not only for their own protection but for the protection of the purchaser as well. It is but necessary to call to mind such trade-names as "KODAK," "TARVIA," "COCA-COLA," "VASE-LINE," etc., etc., to realize their general use.

When a mechanic buys a saw or a hammer or a wrench or any one of hundreds of other tools, he does not permit the salesman to hand him any tool he happens to have for sale but asks for a definite kind of the particular tool he wants, such as a "DISSTON" saw, or a "MAYDOLE" hammer, or a "STILLSON" wrench, etc., and expects to find the copy-righted, registered trade-mark stamped *on the tool* or he does not take it.

Why not use the same reasonable precaution when you buy candles for the altar?

Our trade-mark is stamped on *every candle*. No need to assume or suppose they contain the required amount of beeswax; you *know positively* when you buy our candles.

Always use our trade-names when you order

We also manufacture a complete line of beeswax, composition wax and stearic candles for general use; devotional candles and Sanctuary supplies.

MARBLELOID

*The Universal FLOORING
for Modern Buildings*

This composition flooring adequately combines attractiveness and permanence. It is fireproof, waterproof, and does not crack or disintegrate. Its variety of color combinations lend to decorative harmony. It presents a smooth continuous surface,

without cracks or corners to collect dust and dirt, and can be kept clean by merely flushing with water. It is as enduring as marble but more resilient; quieter and easier to walk upon. Can be laid over old floors of cement or wood or embodied in new construction. Fully guaranteed.

Marbleloid is widely used for Auditorium Floors.

We will gladly send you a 32-page illustrated booklet on request.

Altar and Crucifixion Carrara Marble, upper construction of wood.
Designed and built for St. Mary's Church, Sharpsburg, Pa.

"The 3-marble Altars, the Main and the 2-Side Altars which you have designed, built and erected in St. Mary's Church, Sharpsburg, Pa., are in the full sense of the word works of art. The design was selected by Mr. Peter Dederichs, the Detroit Architect, as the only one perfectly harmonizing with the Romanesque style of our new church building. The Altars, as well as the marble statues and the mosaic emblems, are most beautiful and pronounced by all, priests, members of the congregation, connoisseurs of art, several architects who have come in to inspect them, worthy of your former reputation as foremost Altar Builders of the United States.

I am happy to send you this commendation and to express once more my entire satisfaction and gratitude for the splendid work you have done and for the most courteous dealings we have had during the erection of the altars."

THE DUPLEX Envelope System will get the money and will increase collections almost phenomenally; but, if this were the sole measure of its success, the Duplex System would be far less valuable than it has proved to be in numberless churches.

¶ The supreme value of the Envelope System lies in the imponderable results it produces. It increases offerings not only by affording the opportunity to give, but by cultivating the grace of giving—inspiring men with the spontaneous desire to give. It promotes system in giving. It keeps constantly before every member the various causes in which the church is engaged. It promotes frequent contributions to benevolent causes as well as to the current expense fund. It offers the opportunity to give not only to self but to others.

¶ It is not the additional money only that the Envelope System brings in, but these imponderable and far more important results which cause 95% of the churches which adopt it to continue the use of the Duplex Envelope System. If you are interested in the Duplex Envelope System for these vital, though less easily measured results, as well as for its unquestioned financial returns, please write for detailed information to

Kewaunee

Laboratory Furniture

WHILE our line comprises over 500 designs of standardized desks and other articles of furniture, we design and build to order equipment for a large number of schools and colleges, where the Laboratory Furniture is desired to conform exactly to the specifications of the architect.

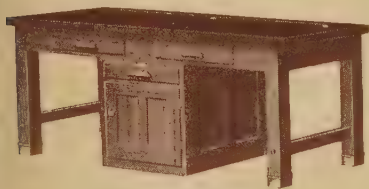

Physics Laboratory Table
No. 700

Very popular with teachers. Very substantially built. Can be supplied, if desired, with lower cupboard and drawers.

Chemical Desk No. 850

A good practical design at a moderate price that embodies all the essential features of the more elaborate desks.

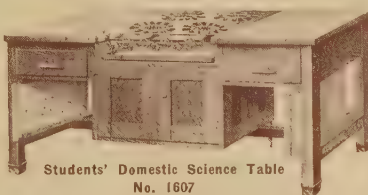

Biology Laboratory Table
No. 1000

For laboratories where it is desirable to have students all face one way. This table accommodates two students.

Students' Chemistry Desk No. 862

A favorite in many laboratories. Accommodates 16 students, working in sections of 8.

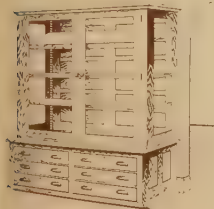

Students' Domestic Science Table
No. 1607

The stove is sunk flush with the table top, making it very convenient for work. Wood parts are protected with asbestos and galvanized iron.

We illustrate a few only of the hundreds of designs of Laboratory Furniture, for the teaching of the sciences and arts, shown in the latest edition of the Kewaunee Book—the most complete volume on the subject of Laboratory Furniture for Schools ever published.

It contains 416 pages, with 46 views of buildings and model installations and with some of the desks reproduced in natural colors. The book will be sent without charge, prepaid, to any instructor or official who replies, giving his position and using the stationery of the institution. Address all inquiries to the factory at Kewaunee.

Museum or Storage Case
No. 1022A

Designed for the display of specimens of plants, shells, woods, minerals, etc. Every grade school, as well as high school, should have its "museum."

*From the Catholic News,

Excerpt from an article published at the time of the death of Father O'Farrell, pastor of the Church of the Holy Innocents:

"The wooden altars which were in the church were replaced by three of the most beautiful marble altars to be found in New York City. The altars are of the purest white marble, and are splendid examples of the sculptor's art."

Stained Glass Windows

Manufacturing for Catholic Churches only, our windows are painted in either English or German style on English antique glass.

We are an American concern, employing the best talent of artists and workmen, with studios at 17 Union Ave., Brooklyn, N. Y.

We invite a close inspection of any of the following Churches in Greater New York and neighboring States, furnished by us, to prove the fact that our windows are at least equal to the best of imported creations, besides being a good deal more durable and lasting.

It is our aim to conform our windows to the ideas, desires and taste of each individual member of the Catholic Clergy, ideas which are naturally as different in stained glass as they are in most everything else. And in this, our aim, we have succeeded in every Church. We shall be pleased to submit our suggestions and prices, guaranteeing fullest cooperation and satisfaction.

The STANDARD-JOHNSON "Coin Counter Is a Necessity"

For Your Collections
The Clergy Has Proven This to be True

THE UNITED STATES GOVERNMENT

after trying all Coin-Counting Machines on the market to-day, has pronounced the Standard-Johnson Coin Counter the best machine made for counting coins, and has adopted them throughout the Country.

Built in a special model for Pastors.

Are you still using the old method of counting your collection by hand? DISCARD IT. Count and wrap accurately and speedily with a machine used by

HUNDREDS OF PASTORS

YOU SHOULD HAVE ONE!

Every pastor who uses our machine states that it is speedy, simple and accurate, a necessity, not a luxury. It is a necessity because experience teaches that all hand counting, no matter how carefully done, is inaccurate, and that banks rarely recount money in packages but pay out such money for the value of stamp thereon, which value, of course, has been credited to the depositor, hence if there is too much money in a package the depositor, not the bank, is sure to be the loser. Our machine on account of its proven accuracy stops this chance of loss.

"AMERICA is able to take its place with the best secular reviews and supplies a mouthpiece for the Catholics such as they have never had before."—Catholic Universe.

AMERICA

A CATHOLIC REVIEW OF THE WEEK

The National Catholic Weekly

"The leading Catholic Weekly in this country." —N. Y. Sun.

"The leading Catholic paper." —N. Y. Tribune.

"The ablest Catholic paper in the country."—Current Opinion.

IF the press comment is a test of a review's standing, the national Catholic weekly AMERICA, is undoubtedly one of the important weeklies of the country, for it is the most widely quoted Catholic periodical in English. Not only are its articles reproduced in every land where English is spoken, but its views are cited and its attitude on questions of national and Catholic bearing is noticed wherever people are interested in matters which concern the Church. If further proof were needed of the place AMERICA occupies in the field of Catholic journalism, it is found in the unsolicited and unqualified praise bestowed upon its program and its work by the Pope, the Bishops, the clergy and the laity.

AMERICA'S CHARACTER AND PURPOSE

AMERICA is not a magazine of piety and devotion, but a review of the week; it is concerned, not so much with recording current opinions and events, as with the interpretation of opinions and events in the light of Catholic interest. Essentially, and preeminently it is a magazine of principles. It aims at being a representative exponent of the Catholic view-point, avoiding all semblance of controversy except where it is inevitable, and rigorously excluding the least purpose of proselytism apart from the compelling force that is inseparable from truth.

APPLYING THE TOUCHSTONE OF CATHOLICISM

The purpose of AMERICA, however, is far from being a doctrinal exposition of Catholic belief; this belief is rather taken for granted. It is with its application to the vital problems of national and international moment, to the life and literature of the day that the review is concerned. Nevertheless, since the diffusion, and defense of Christian principles is its object, and since only too often Catholic doctrines are incorrectly stated and Catholic ideals misrepresented in the various channels of public opinion, it is inevitable that the restatement of such doctrines and of such ideals should be of frequent occurrence. The scope of AMERICA, therefore, in spite of this restriction is very wide. It applies the touchstone of Catholicism to every phase of modern life, to important events, to far-reaching movements, to tendencies in art, literature, science, religion, education and sociology. Its consistent editorial policy is to give a calm, reasoned statement of the Church's position. Taking its stand on the immutable principles of the natural law and the Revelation of Christ, AMERICA endeavors to sift the wheat from the chaff, to weed out what is good, to reject what is bad. Where dogmas are at stake, it knows no compromise; where the subject of discussion is debatable, it is tolerant and broad.

Serving the Church

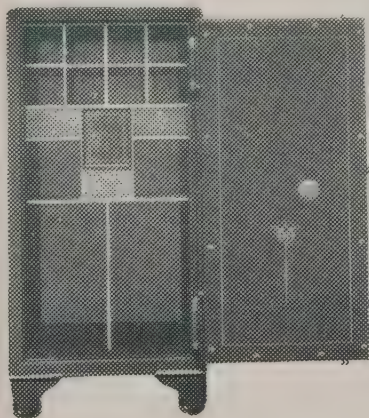

New York Safe Co. Church Safe is especially designed for its purpose. It guards collections taken for the poor, receipts from church activities, and money given for the support of the church. This silent, watchful service relieves your mind of worry because you *know* the money is protected.

But more important still is the protection which the New York Safe Co. Safe gives to consecrated vessels and the vestments of the church. The Blessed Sacrament

and the Chalice are safe from the ravages of fire and the sacrilege of profane hands when the Church has a New York Safe Co. Safe.

Tabernacle Safes, or Altar Boxes, are furnished in white or aluminum bronze, with gold striping. They are lined throughout with white silk, with silk cording, at the corners, giving a chaste, dignified appearance and preventing the contents from being marred.

Send for illustrated booklet, especially prepared for churches.

PART I

Hierarchy of the Catholic Church.

The Catholic Hierarchy, or the governing body of the Catholic Church, consists of His Holiness the Supreme Pontiff, assisted by the Sacred College of Cardinals and by several Sacred Congregations, or permanent ecclesiastical committees, of which the Cardinals are the chief members; by the Patriarchs, Archbishops and Bishops; by the Apostolic Delegates, Vicars and Prefects, and by certain Abbots and other Prelates.

HIS HOLINESS THE POPE
BISHOP OF ROME AND VICAR OF JESUS CHRIST,
SUCCESSOR OF ST. PETER, PRINCE OF THE APOSTLES,
SUPREME PONTIFF OF THE UNIVERSAL CHURCH.
PATRIARCH OF THE WEST, PRIMATE OF ITALY.
ARCHBISHOP AND METROPOLITAN OF THE ROMAN PROVINCE,
SOVEREIGN OF THE TEMPORAL DOMINIONS OF THE HOLY ROMAN CHURCH,

PIUS XI.,
ACHILLE RATTI

NOW GLORIOUSLY REIGNING

The two hundred and sixtieth successor of St. Peter, was born at Desio, March 31, 1857; ordained Priest, December 20, 1879; appointed Apostolic Visitor to Poland, 1918; appointed Nuncio, 1919; promoted to Titular See of Lepanto, July 3, 1919. Created Cardinal June 16, 1921; Proclaimed June 21, 1921. Promoted to Archdiocese of Milan as Cardinal Archbishop, June 16, 1921. Elected Pope, February 6, 1922, crowned February 12, 1922.

His Holiness retains the Prefecture of the Congregation of the Holy Office, of the Consistorial Congregation and of the Congregation for the Oriental Church; the Protectorate of the Church and Chapter of SS. Celsus and Julianus; of the Greek Abbey of Grottaferrata, of the whole Order of St. Benedict; of the Order of Preachers (Dominicans); of the Order of Regular Clerks, called Teatini; of the Archconfraternity of the Via Crucis, called the Lovers of Christ and Mary; of the Archconfraternity of St. Rochus; of the Archconfraternity of SS. John and Petronius of the Bolognesi.

THE SACRED COLLEGE OF CARDINALS.

The Cardinals, when duly constituted and proclaimed, form the Supreme Council or Senate of the Church. They are advisers of the Supreme Pontiff, and at the death of the Pontiff they elect his successor.

There are three orders of Cardinals, *Cardinal-Bishops*, *Cardinal-Priests*, and *Cardinal-Deacons*; but these orders are distinct from those of the Hierarchy. With very few exceptions, the Cardinal Priests are Archbishops or Bishops, and the Cardinal Deacons are generally Priests.

HIERARCHY OF THE CATHOLIC CHURCH

The Sacred College of Cardinals, when complete, consists of 70 members—6 Cardinal Bishops, 50 Cardinal Priests and 14 Cardinal Deacons.

The Cardinal Bishops take their title from the Suburban Sees of Rome, which are: *Porto and Santa Rufina, Albano, Palestrina, Sabina, Frascati, Velletri*. The Cardinal Dean has united to his See the See of Ostia. The Cardinal Priests take their title from the "Titular Churches" to which they are appointed; the Cardinal Deacons are appointed to other Churches called "Deaconies." The first Cardinal Bishop is *Dean*; the first Cardinal Priest is *First Priest*; and the first Cardinal Deacon is *First Deacon* of the Sacred College. The Dean has the right of consecrating, and the First Deacon the right of proclaiming and crowning a new Pope. On the death of the Pontiff, the Cardinal *Camerlingo* has the Administration of the affairs of the Holy See.

(The "creation" of a Cardinal sometimes precedes, even by several years, the "publication and proclamation.") The Cardinal is then said to be "reserved *in petto*," and when proclaimed, he takes the precedence according to date of creation.)*
